

EU Immigration Limitations

- Western Europe's immigrant population is growing at an alarming rate, while the European birth rate is declining.
 - Many of the immigrants to the EU come from Northern Africa and the Middle East. The majority are Muslim and don't share similar cultures or languages.

***What should be
done about
immigration?***

Many Europeans would like to impose quotas (limits) on the number of immigrants who are allowed to enter the EU.

- Overcrowding in immigrant neighborhoods
- Willing to work for less than native Europeans
- Many do not assimilate into European culture
- Increased crime among immigrants

Some Europeans think that setting immigration quotas would be unfair and discriminatory.

- Most immigrants are not white
- Most immigrants are not Christians
- Many are fleeing persecution in their home countries.
